

Our Mission

We believe no cancer patient should fall behind on treatment because they struggle to afford their everyday expenses. Our mission is to provide practical and immediate financial assistance to eligible cancer patients in our community so they can focus on what matters most: **healing**.

Empowering the Heartland to Heal

We aspire to provide compassion and hope and remove barriers to care by covering mortgages and rent, utilities, car loans, and fuel expenses for local cancer patients in need of additional support during their treatment journey.

“The lesson of the bees is profound: When many people each do something small, together they accomplish something large. One bee in my hive was the Heartland Cancer Foundation, which provided me with \$500 towards housing costs. Because I was in low income housing, that helped pay 6 of the 10 months of rent since my diagnosis. That was HUGE for me as I didn’t have to choose rent over the costs for medications or supplies vital for healing.”
